

# Help Reduce Medication Errors

MERIT MEDALLION® SERIES SYRINGES

A hand in a white glove is holding a yellow syringe. The syringe barrel is clear with a yellow plunger and a yellow tip. The word 'HEPARIN' is printed in large, bold, black letters on the barrel. The background is a blue surface with a glass of water and other medical supplies.

Merit Medallion Syringes  
help take the guesswork out of  
medication labeling.

# Color coded, pre-labeled syringes can help reduce medication errors

**The Medallion Syringes are available in :**

**7 Colors:** Light Green, Purple, Yellow, Red, Dark Green, Light Blue and White

**Multiple Sizes:**  
1,2,3,6,10,20,30 & 60ml

**Customized Printing:**  
All medication names can be printed directly on the syringe barrel in white or black ink.

**Luer Options:**  
Fixed Male Luer or Slip Luer

*Polycarbonate syringe barrels create a “smooth as glass” feel and help increase the visualization of fluid and air bubbles.*

*Custom Medallion syringes can include a unique frosted field for doctors or clinicians to write additional pertinent information.*

Medallion® Syringes have clear polycarbonate barrels, optional colored plungers, customized medication printing and fixed male or slip luers.

Select one option from each category and identify your custom medication to be printed on the barrel.

Your Merit Representative will provide you with the corresponding catalog number.

Custom Medallion® Syringes are packaged 25 units per box, 4 boxes per case.

NOTE: Custom printed Medallion® Syringes are available upon special request. Please allow up to six weeks for delivery.

*The combination of color coding and custom printed syringes help prevent potentially dangerous medication mix-ups.*

*The Medallion's high quality printing will not smudge or peel away from the syringe barrel.*

**JCAHO**  
**PATIENT SAFETY GOALS**  
*"Labeling occurs when any medication or solution is transferred from the original packaging to another container."*
